

Questions to Board 30 September 2026

Question 2: The Q1 Delivery Plan (item 3.4b, page 48) lists a savings scheme to reduce "community hospital bed usage by 60%". Does this refer to Powys community hospitals or to community beds commissioned in England, and what are the baseline, period and expected saving?

Response: This objective relates to commissioning of services from the NHS in England and relates solely to ambitions to reduce use of community hospital beds in England. Further information about how this question was addressed within the meeting can be found within the minutes and/or the recording of the meeting of the Board.
