

# Planning, Partnerships & Population Health :

## Remit of work programme (to be risk based on an annual basis)

### KEY SUPPORTING STRATEGIC FRAMEWORKS & PLANS WOULD INCLUDE:

- Health & Care Strategy
- Strategic Commissioning Framework
- Enabling Strategic Frameworks

#### Strategic Planning:

- Seek assurance that the health board's Planning Framework is robust and fit for purpose
- Seek assurance that the health board has sufficient enabling plans to support the achievement of strategic objectives
- Seek assurance that the health board's arrangements for engagement and consultation in respect of service change matters are robust and effective
- Scrutinise strategic or major service plans
- Monitor and scrutinise the efficient prioritisation of capital schemes
- Scrutinise Capital Plans and Business Cases in accordance with the Scheme of Delegation
- Seek assurance on the effectiveness of Business Continuity Planning and Major Incident Planning
- Seek assurance that health board's plans respond to the Wellbeing of Future Generations Act (Wales) 2015
- Seek assurance that the health board's plans give due regard to the Socio-economic Duty for Wales
- Consider the Strategic Plans of PTHB Board Joint Committees - WHSSC & EASC

#### Partnerships:

- Powys Public Services Board
- Powys Regional Partnership Board
- Mid Wales Joint Committee for Health and Social Care
- Collaborative working within NHS Wales (including PHW)
- Strategic partnerships with NHS England

#### Population Health:

- Population/Wellbeing Assessments
- Plans for promoting health & wellbeing
- Whole-system pathway development
- Primary Care Developments
- Cluster Development
- Plans to address health inequities
