Dear [REDACTED],

## Request under the Freedom of Information Act 2000

I write further to your request for information which was received on 09 January 2023, to confirm, in accordance with S.1(1)(a) of the Freedom of Information Act 2000, that Powys Teaching Health Board (PTHB) does hold the information that you require.

For ease of reference your request is set out below and our response follows:

### Your Freedom of Information (FOI) Request:

Can you please provide data for the number of patients treated or instances of Pericarditis and Myocarditis in the Health Board area for the years 2018, 2019, 2020, 2021 and 2022

If the data is available by age group then please provide a breakdown.

### Powys Response:

PTHB can confirm that the total number of patients admitted to a Powys Hospital where there was a diagnosis recorded of either Myocarditis or Pericarditis from 2019 – 2022 is 5. Please note we do not code or centrally record outpatient diagnosis or reason for referral. Therefore we are unable to provide any additional information to support our response.

PTHB is not able to provide the breakdown as requested due to low numbers of individuals involved (5 or less). PTHB believes there is a potential risk of individuals being able to be identified, when considered with other information already available within the public domain, if this was disclosed. Therefore, the data is classed as personal data as defined under the General Data Protection Regulation (GDPR) and Data Protection Act 2018 and its disclosure would be contrary to the data protection principles and constitute unfair and unlawful
