Dear [REDACTED],

Request under the Freedom of Information Act 2000

I write further to your request for information which was received on 18 January 2023, to confirm, in accordance with S.1(1)(a) of the Freedom of Information Act 2000, that Powys Teaching Health Board (PTHB) does hold the information that you require.

For ease of reference your request is set out below and our response follows:

Your Freedom of Information (FOI) Request:

Our department at the ONS is responsible for the collection of statistics on stoppages due to strike action which is seen as the main indicator of working days lost within the UK. Here is an example of our recently re-introduced statistics ->

<https://www.ons.gov.uk/employmentandlabourmarket/peopleinwork/workplacedisputesandworkingconditions/datasets/lablabourdisputesintheuk>

We are currently collecting data on the number of people involved in strike action in December 2022 our research has shown that staff in several NHS trusts across the United Kingdom have recently been involved in such action.

We were given your team's contact details after reaching out to a contact who has completed other ONS surveys. Therefore, I am getting in touch to ask if you are able to complete the attached form. In the past, these forms have usually been completed by staff in HR or payroll departments, who work most closely with the data we require. If you are the contact for several NHS trusts, we would appreciate it if you were able to return one form per trust.

I would stress that any information provided will be treated in strictest confidence and employers nor individuals can be identified in any publications.
