Dear [REDACTED],

## **Request under the Freedom of Information Act 2000**

I write further to your request for information which was received on 30 January 2023, to confirm, in accordance with S.1(1)(a) of the Freedom of Information Act 2000, that Powys Teaching Health Board (PTHB) does hold the information that you require.

For ease of reference your request is set out below and our response follows:

### Your Freedom of Information (FOI) Request:

I'm requesting information on Learning Disability Services operating under the Powys Teaching Health Board namely a list of all active specialist Learning Disability inpatient services within the health board January 2023 and all Community Learning Disability Services the health board is responsible for.

### Powys Response:

Powys has a small paediatric Learning Disability (LD) team, consisting of 2 nurses and a Health Care Support Worker (HCSW). The LD service supports children and young people with a Learning Disability who display behaviours that challenge, either through behaviour pathways or early years intervention (pathway for up to 5yrs through the incredible years / incredible years (ASD) programmes).

Children and young people can be referred by any professional. The service can assess and support the Child & Young person (CYP) at home, school or short break facility. The team will develop, model and support the implementation of behaviour plans across all environments to ensure consistency for the CYP. They provide expert advice and a consultative role for professionals.
