Dear [REDACTED]

Request under the Freedom of Information Act 2000

I write further to your request for information which was received on 3 May 2023, to confirm, in accordance with S.1(1)(a) of the Freedom of Information Act 2000, that Powys Teaching Health Board (PTHB) does hold the information that you require.

For ease of reference your request is set out below and our response follows:

Your Freedom of Information (FOI) Request:

I am writing to make an open government request for all the information to which I am entitled under the FOI Act 2000.

Can you please provide an update on your Trust's Infrastructure? The six questions are in the attached spreadsheet, which I would be grateful if you could fill in.

Powys Response:

Q1- Q5, please see attachment 1 FOI 23.R.144 for information on PTHB ICT infrastructure.

Q3 & Q6 I can confirm that PTHB holds the information you have requested. However, I am unable to provide you with that information as I consider that the following exemption/s apply to it:

Section 31(1a) - The prevention or detection of crime:

"Information which is not exempt information by virtue of section 30 is exempt information if its disclosure under this Act would, or would be likely to, prejudice:

(a) the prevention or detection of crime"

Section 30 of the Freedom of Information Act 2000 does not apply to this request.

This information is exempt from disclosure under Section 31(1a) of the Freedom of Information Act 2000 (FoIA). We consider that if the data you have requested were to be combined with other information which may be available in the public domain, there would likely to be an increased risk of a cyber-security attack upon the Trust. As part of the Critical National Infrastructure for the NHS, the Trust/Health Board has a duty to protect the integrity of our systems. The disclosure of the information requested could expose weaknesses in our systems and lead to breaches, making the UK or its citizens, in this case our patients, more vulnerable to security threat.

Public Interest Test

To use this exception we are required to undertake a public interest test. The matters which were considered in applying the public interest test are as follows:

Factors in favour of disclosure

- Disclosure of the data supports the general public interest in the transparency, accountability and general understanding of the delivery of public services.

Factors in favour of withholding

- Breaches in Trust/Health board security and is therefore a reasonable threat to the confidential patient data held on our systems.
- Temporary or long term lack of availability of IT systems
- Corruption/loss of patient data which would prevent or interrupt provision of patient care.

There is a strong public interest in protecting the confidentiality of patient data and of ensuring that healthcare services can be provided to the public without increasing the possibility of attack by hackers or malware, or of putting personal or other information held on these systems at risk of corruption or subject to illegal access. For these reasons, the organisation has decided that it is in the public interest to withhold this information at this time.

This response therefore acts as a refusal notice under section 17 of the FOIA.

Should you need any further assistance, please do not hesitate to contact me at the address below.

If you are dissatisfied, with the way your request has been dealt with by PTHB, you have the right to request a review in which case you should write to:

Chief Executive
Powys Teaching Health Board Headquarters
Glasbury House
Bronllys Hospital
