*"Information which is not exempt information by virtue of section 30 is exempt information if its disclosure under this Act would, or would be likely to, prejudice—*

*(a) the prevention or detection of crime"*

Section 30 of the Freedom of Information Act 2000 does not apply to this request.

This information is exempt from disclosure under Section 31(1a) of the Freedom of Information Act 2000 (FoIA). We consider that if the data you have requested were to be combined with other information which may be available in the public domain, there would likely to be an increased risk upon the Health Board and its staff.

### **Public Interest Test**

To use this exemption we are required to undertake a public interest test. The matters which were considered in applying the public interest test are as follows:

#### **Factors in favour of disclosure:**

- Disclosure of the data supports the general public interest in the transparency, accountability and general understanding of the delivery of public services.

#### **Factors in favour of withholding:**

- There is a reasonable threat to the fleet management and those staff who use these vehicles.
- Potential risk to staff being targeted who use these vehicles especially in the event of lone working etc. The Health Board has a responsibility to safeguard its staff.

There is a strong public interest in safeguarding any information being transported within these vehicles which assists in the Health Boards delivering its health care services. As a Health Board we have a duty to ensure appropriate measures are in place to safeguard our staff. For these reasons, the Trust/Health board has decided that it is in the public interest to withhold this information at this time.
