Dear [REDACTED]

Request under the Freedom of Information Act 2000

I write further to your request for information which was received on 9 January 2024, to confirm, in accordance with S.1(1)(a) of the Freedom of Information Act 2000, that Powys Teaching Health Board (PTHB) does hold the information that you require.

For ease of reference your request is set out below and our response follows:

Your Freedom of Information (FOI) Request:

I would like to submit a Freedom of Information request to access the following information related to the number of women treated for heart attacks in your remit over the last five years.

If possible, please supply this information in an excel spreadsheet – I have attached an example template in case this is helpful.

Please note: If this question will take over the allocated time available for an FOI request, the organisation is requested not to break down the data by age group and share combined figures.

The request:

1. How many women were treated for heart attacks in your hospital/GP over the last five years (January 2018 - present)? (by age bracket if time allows)
2. Of the women experiencing heart attacks, how many experienced non-traditional symptoms such as the following? (by age bracket if time allows)

- Dizziness or fainting
- Nausea or vomiting
