Powys Response:

Q1. I can confirm that the Haemophilia A conditions listed are not diagnosed or treated at Powys Teaching Health Board (PTHB).

Q2 - Q5. PTHB does not treat for Haemophilia and patients are treated by providers outside of Powys. PTHB commissions services from several Welsh health boards and English provider organisations.

Due to the complex nature of PTHB's commissioning arrangements, not all of our providers indicate the indication for use for each episode of care where these drugs are used. For this reason, PTHB does not hold the data relating to your request, however, the health board is working closely with providers to ensure

that this information can be provided in the future. We therefore recommend that you approach our providers for this information directly:
