I write further to your request for information which was received on 10 July 2026, to confirm, in accordance with S.1(1)(a) of the Freedom of Information Act 2000, that Powys Teaching Health Board (PTHB) partly holds the information that you require. For ease of reference your request is set out below and the Health Board's response follows.

Your Freedom of Information (FOI) Request:

I'm writing to make the following freedom of information requests.

Q1. How long are patients having to wait to have an IUS contraceptive device fitted?

Q2. How long are patients having to wait to have an IUD contraceptive device fitted?

Q3. How long are patients having to wait to have a gynaecology appointment?

Powys Response:

Please note that the information provided below relates to Powys Teaching Health Board (PTHB) as a healthcare provider.

Q1 - Q2. The average waiting time for patients who had an Intrauterine System (IUS) or Intrauterine Device (IUD) fitting in the 2025-2026 financial year was 23 weeks. This includes both outpatient and day case procedures. As the available data does not differentiate between IUS and IUD fittings, a combined average has been provided.

Q3. The average waiting time for patients who had a new outpatient appointment in gynaecology in the 2025-2026 financial year was 15 weeks.
