Dear [REDACTED]

Request under the Freedom of Information Act 2000

I write further to your request for information which was received on 24 September 2026, to confirm, in accordance with S.1(1)(a) of the Freedom of Information Act 2000, that Powys Teaching Health Board (PTHB) does not hold the information that you require. For ease of reference your request is set out below and the Health Board's response follows.

Your Freedom of Information (FOI) Request:

Under the Freedom of Information Act 2000, I would like to request the following information held by Powys Teaching Health Board.

Medicines: Evolocumab, Adalimumab, Ustekinumab, Secukinumab, Risankizumab, Pembrolizumab, Nivolumab, Osimertinib, Atezolizumab, Nusinersen, Risdiplam, Eculizumab, Semaglutide (all brands, strengths and formulations, including biosimilars).

Period: January 2020 to March 2026. If this full period cannot be provided, please provide the longest period possible up to March 2026.

Data requested: quantities of the above medicines issued by your hospital pharmacies, broken down by:

- hospital site (with ODS/site code where available)
- month
- product (dm+d VMP/AMP code and name where available, otherwise product name, strength and form)
- quantity issued, with unit of measure
- issue type / setting, where recorded (e.g. inpatient ward or day unit, outpatient dispensing, homecare)
- cost, where available (optional: if cost is considered exempt, please release the remaining fields)

This request is similar in scope to the Secondary Care Medicines Data (SCMD) published for England by the NHSBSA. Provided the fields above are included, I am happy to receive the data in the layout your pharmacy system already produces as standard, so that no bespoke report needs to be built.

Powys Response:

Powys Teaching Health Board (PTHB) does not hold the requested hospital pharmacy issue data for these medicines. PTHB does not operate an in-house acute hospital pharmacy service, and we therefore do not routinely issue these medicines from PTHB hospital pharmacies. Acute and specialist services are commissioned from other NHS providers, and any hospital pharmacy supply/issue activity would generally be undertaken and recorded by those organisations rather than by PTHB.

The relevant supply information is likely to be held by the provider organisations delivering the acute/specialist services. We therefore recommend that you approach our provider organisations directly for this information. The table below lists the main health boards and NHS Trust from which we commission health services for Powys residents. Please note that all providers may not necessarily offer services that fall within the definition in your request.

Re-use of Public Sector Information

All information supplied by the Health Board in answering a request for information (RFI) under the Freedom of Information Act 2000 will be subject to the terms of the Re-use of Public Sector Information Regulations 2015.

Under the terms of the Regulations, the Health Board will licence the re-use of any or all information supplied if being used in a form and for the purpose other than which it was originally supplied. This license for re-use will be in line with the requirements of the Regulations and the licensing terms and fees as laid down by the Office of Public Sector Information (OPSI). Most licenses will be free; however, the Health Board reserves the right, in certain circumstances to charge a fee for the re-use of some information which it deems to be of commercial value.

Further information including a sample license terms and fees can be found at Open Government Licence.

Yours sincerely

Kate Wright
Executive Medical Director
